Some people have had trouble accessing the draw on MyNetball. If you are having trouble, try this pathway:-

- The problem is occurring usually when you initially attempt to access the 'Draw & Results' page at ssna.asn.au. If you follow the pathway
  - ssna.asn.au
  - Draw & Results
  - Season fixture – which seems to default to Netball Australia with only 2013, 2014 as options
  - You then need to – Find a 'Club' and submit   "Sutherland, NSW"
    - Select 'Sutherland Shire NA'
    - Select 'Go to Results'
    - Select 'set as default'

This then sets it for all future access.
